

Articulation

By Laura Pallas

What is Articulation?

The act of creating words that communicate the message of a song

Over Articulation

- Too much emphasis on consonants
- White spaces/choppy

Wall of Sound

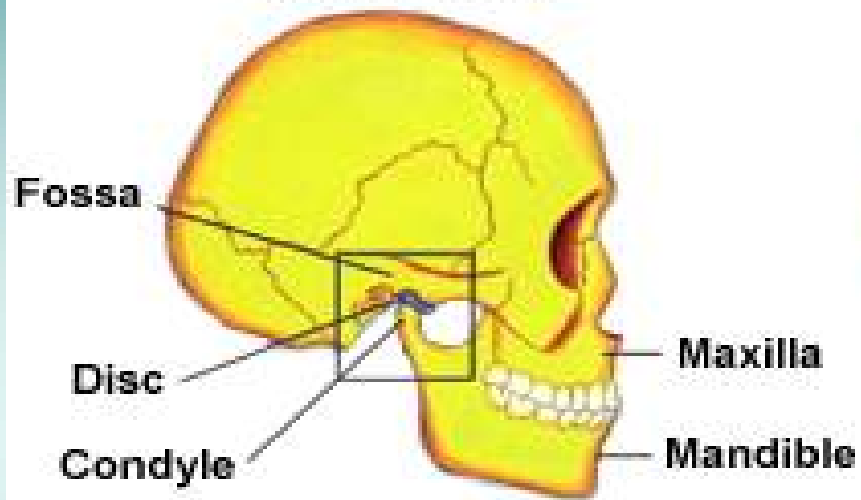

Two primary factors in creating Wall of Sound:

- Relaxed Jaw
- Independent tongue
(both executed with a high soft palate)
- Constant Air Flow (not covered in class)

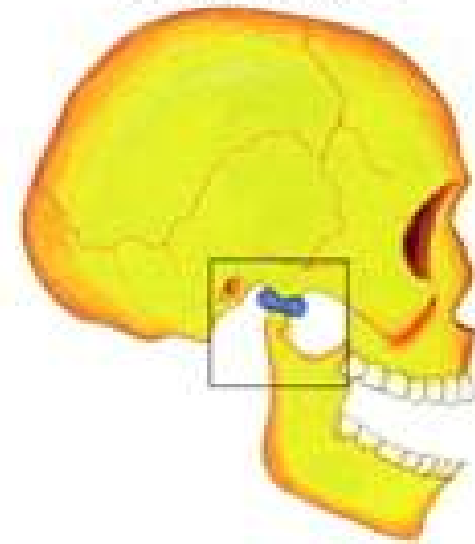

Jaw & Tongue

- Let the jaw hang (within hinges)
- Sing through “Oh” tunnel
- Tall Vowels
- Develop Tongue/Jaw independence
- Flexible Tongue
- No vanishing Diphthongs
- Tall Consonants
- Use of singable consonants

Closed Mouth

Open Mouth

Lateral Colateral Ligament
